

Online Accelerated M.S.Ed. in Instructional Technology with K-12 Technology Specialist

Think you're too busy to become a trailblazer in instructional technology? Think again. Four semesters is all you'll need to complete our online accelerated M.S.Ed. in Instructional Technology degree with a K-12 Technology Specialist Entitlement. And we're ready when you are: New cohorts begin each year! You'll meet online for coursework grouped to integrate complementary topics, and attend occasional pre-scheduled, face-to-face meetings each term at NIU campuses. You'll also enjoy the professional collaboration and continuity of a cohort through shared experiences and networking. Our program meets Illinois State Board of Education standards.

Admission Requirements

If you hold a baccalaureate degree (or higher), submit your application and application fee, letters of recommendation, official test scores (GRE or MAT), a statement of purpose and official transcripts from all institutions attended.
