LBS II/Certificate of Graduate Study Assistive Technology Specialist (18 hours)

The following is a list of required courses for students seeking a Certification of Graduate Study in Assistive Technology Specialist. This course of study does not lead to a graduate degree, but does provide the necessary requirements to earn the NIU Certificate designation.

This certificate is designed for educators seeking additional competencies in application of instructional and assistive technologies for student with learning, behavior, sensory, motor, communication, and multiple disabilities. This certification of graduate study is designed to meet standard for the Assistive Technology Specialist LBS II certificate. The Learning Behavior Specialist II Certificate is an optional, advanced certificate available only to individuals currently certified in special education who complete an LBS II program and the appropriate exam. Click for the [checklist](#).

You are strongly advised to consult [Dr. Toni Vanlaarhoven](#) for this Certificate early in your studies. This checklist and the Student Information Form must be on file in the Department of Teaching and Learning no later than the end of your first semester of course work toward this certificate.
